

Scott VanHulle

Lead Associate, OEM Technical Relations, I-CAR

Email: Scott.VanHulle@i-car.com

Scott VanHulle is the Lead Associate, OEM Technical Relations for I-CAR, at its I-CAR Tech Center in Appleton, WI. VanHulle is part of I-CAR's Repairability Technical Support (RTS) Initiative and leads the organization's technical relationships with vehicle manufactures. VanHulle and his team has designed, built, and update the I-CAR RTS Portal; a website designed to communicate collision repair information that contributes to complete, safe, and quality repairs.

VanHulle has an Associate Degree in Collision Repair and Refinish Technology from Northeast Wisconsin Technical College. After completing his degree, he became a Collision Repair and Refinish Technician, an Estimator, and Collision Repair Facility Manager. VanHulle started with I-CAR in 2010 as an Instructional Designer. VanHulle is an I-CAR Platinum Individual and ASE Certified Master Collision Repair Technician.

VanHulle often speaks on vehicle technology and collision repair trends with vehicle makers and at local, and national collision repair conferences.
